PE Health & Safety Rules

- All items should be labelled with the pupil's name.
- All jewellery should be removed for PE. Pupils must remove their own jewellery.
- Where an item of jewellery is considered a hazard and cannot be removed or made safe, then the pupil cannot take part in that part of the lesson and will be given an alternative curricular PE task.
- Nail extensions (including acrylic and gel) present a hazard for some PE activities. We encourage pupils to keep nails short enough to allow them to participate in PE safely.
